To: Chief, Allocations Branch

PETITION FOR RULEMAKING

Whitefish Broadcasting Company ("WBC"), by counsel, and pursuant to Section 1.401 of the Commission's rules, hereby requests the Commission to institute a rulemaking proceeding for the purpose of amending the FM Table of Allotments to allot Channel 286A to Whitefish, Montana, as that community's first local competitive broadcast service and first FM service. Thus, WBC proposes to amend Section 73.202(b) of the Commission's rules as follows:

Channel No.

<u>City</u>	<u>Present</u>	<u>Proposed</u>
Whitefish, Montana	----	286A

In support of this request, the following is stated:

The city of Whitefish, Montana, is an incorporated community located in Flathead County, which has a 1990 U.S. Census population of 4,368.¹ The community of Whitefish has a county

library with a branch located in Whitefish, two private elementary schools, and 18 churches.² As a representative example of some of the businesses and other commercial establishments located within the community, the Whitefish yellow pages list 17 restaurants and other eating establishments, 16 hotels/motels and other overnight resorts, two banks, a mortgage company, five attorneys, and three certified public accountants.

With respect to medical and other health care facilities, the yellow pages list a physical therapy hospital, two orthopedic clinics, an internal medicine clinic, and a surgical clinic. Whitefish also is served by four dentists, an optometrist, two chiropractic centers, a counseling center, five child care facilities, and two pharmacies.

As demonstrated in the attached engineering materials, the proposed site meets the minimum distance separation requirements with respect to all known licenses, construction permits, open allotments, pending applications, and pending rulemaking petitions. *See* Attachment B, p. 1. The engineering exhibit also demonstrates that, from the specified reference coordinates, the proposed station would provide a coverage contour in excess of the required 70dBu over the entire community of license. *Id.* at 2.

As stated above, the allotment of Channel 286A will provide Whitefish with its first local competitive transmission service and first FM service, which will promote the objectives of Section 307(b) of the Communications Act of providing a fair, efficient and equitable distribution of

In the event this petition requesting the allotment of Channel 286A at Whitefish, Montana, is granted, WBC will file an application for a construction permit for the new station, and, if its application is granted, will promptly construct the new facility.

WHEREFORE, in light of the foregoing, Whitefish Broadcasting Company respectfully requests that the Commission GRANT this petition for rulemaking, AMEND the FM Table of Allotments, and ALLOT Channel 286A to Whitefish, Montana, as that community's first local competitive broadcast service and first FM service.

Respectfully submitted,

WHITEFISH BROADCASTING COMPANY
